jointly publish the result of

Pasang Lhamu Sherpa Memorial Park

Design Competition

The jury decided the winners based on the design aspects of Sherpa's life, reflection on the beauty of the Himalaya as well as their physical and spiritual elevation, and a strong urban design vision that expresses the memorial's identity and foregrounds the public realm by promoting urban ecology as well as sociability.

The jury decided that the top three designs were equally qualifying, hence, it was decided that the top three will be considered as the winning designs. The cash prize will be distributed amongst the three winners. For the fair distribution of the prize, we have increased the total amount to NRs. 60,000/-

Hence the top three designs will receive NRs. 20,000/- each. This will be distributed at an event that will be organised shortly. The way forward and collaboration with the winning teams will also be discussed on this event.

All of our participants will receive certificates as well as some prizes which will be revealed during the event. We will be looking forward to an interactive session with all our participants.

The top three winners are:
